

Mindsets-based Learning for Positive and Lasting Change

Inspiring Every Educator and Student
to Live a Life of Passion, Purpose, and Meaning

Positive Mindsets Drive Long-term Benefits for Students and Teachers

7 Mindsets is a comprehensive solution that helps create a culture in which students thrive, teachers are motivated, and leaders are empowered to guide a positive, engaged school community. Students who have hope for the future, a firm belief in their potential, and a strong sense of belonging and connection perform better academically and forge more substantial relationships in life.

Improving outcomes for students starts with impacting instruction. 7 Mindset's coaching model helps teachers to be comfortable and authentic when delivering our curriculum. They learn how to facilitate and engage students in conversations, build relationships, and be connected at a level they never thought possible.

Our attitudes, perspectives, and mindsets are what empower our success in school and life.

Supports All Students

- Builds connections, relationships, socialization, and a sense of belonging
- Provides authentic and culturally relevant content in English and Spanish
- Complements existing frameworks including MTSS, PBIS, and Restorative Practices
- Improves mental health and well-being
- Reduces bullying, violence, and suspensions

Inspires All Teachers and Staff

- Energizes, inspires, and reignites reason for becoming a teacher
- Prepares educators to teach the 7 Mindsets while also enriching their own personal well-being
- Helps leadership leverage success, address challenges, and improve efforts to drive impact
- Empowers educators to find joy, build connections, and prioritize their well-being

Evidence of Effectiveness

7 Mindsets is committed to positively changing the way individuals think about themselves and their future. Evidence of the 7 Mindsets' solution's impact on students and schools is gathered from both independent and peer-reviewed studies. Students who received 7 Mindsets instruction for at least five months showed significant improvements in behavior, attendance, achievement, and prosocial qualities such as resilience and grit.

How It Works

7 Mindsets offers a complete PreK-12 platform that incorporates professional learning and coaching, scaffolded digital curriculum and lesson models, assessments, and progress monitoring to ensure students get the right content at the right time. Ongoing coaching to fit your school's or district's needs ensures educators can confidently and effectively deliver the solution in their classrooms.

Students receive the just-right content, at the just-right time

Teacher-Facilitated Digital Curriculum

While most digital curriculum solutions are self-paced and used as a supplement to whole-class instruction, 7 Mindsets is designed to be entirely teacher led. Curriculum and resources offered through our digital platform include:

- More than 2,000 lessons scaffolded by grade level in English and Spanish
- 30 easy-to-use lessons by grade per academic year
- Lessons aligned to CASEL competencies
- Culturally relevant content
- Thousands of streaming videos and activities
- Assessment tool
- Progress monitoring dashboards
- Adult SEL platform
- Family workshops and resources

Why We're Different: The mindsets-based approach is anchored on a leadership development and coaching model to promote healthy school environments and meet the needs of all learners and staff. What separates the 7 Mindsets from other PreK-12 solutions is that it nurtures the mindsets of both *students* and *educators*.

Professional Learning Is More Than Just Training: Our interactive professional learning provides experiences that uplift and reenergize educators so they can confidently model and teach the 7 Mindsets while enriching their own personal well-being. We provide startup and onboarding support, as well as ongoing live coaching and programmatic implementation.

Why Mindsets-based?

Our 25 years of research and practice has taught us that happiness and success are not based on what we know or where we are from, but how we think. Mindsets are the beliefs and attitudes that dictate our emotions and influence our decisions and actions. They help us connect with others and develop positive self-awareness, self-efficacy, and perseverance.

Our curriculum is built around 7 mindsets and 28 learning objectives, which provide students and teachers with an engaging, accessible common language to support lasting, tangible change.
